

Cure Kids' Spell-a-thon inventory

Want to raise money for Cure Kids in your school but not sure how? Well, you've come to the right place!

Inspire your students to help other children through learning.

We've compiled a list of 204 words for you to use in your classroom! Feel free to mix and match words depending on the year and learning abilities. You can host the spell-a-thon in-class or school-wide. Reach out to rednoseday@curekids.org.nz if you have any questions.

1. Set a date for the spell-a-thon and let students know the words they need to learn.
2. Download our blank sponsorship forms for the students [CLICK](#) 
3. Students ask family and friends to pledge an amount per word spelt correctly. Guide the students to ask whatever they feel comfortable with.
4. Host your spell-a-thon!
5. Give the students a week to collect their funds raised depending on how many words they spelt correctly.
6. Deposit the money into the Cure Kids bank account.
